# BRAIN:

## A JOURNAL OF NEUROLOGY

EDITED

FOR THE NEUROLOGICAL SOCIETY OF LONDON

BY

A. DE WATTEVILLE

VOL. XXII.

London:
MACMILLAN AND CO., LIMITED
AND NEW YORK.
1899.

LONDON
PRINTED BY JOHN BALE, SONS & DANIELSSON, LTD.
83-89, GREAT TITCHFIELD STREET, W.

# CONTENTS.

—o—

ORIGINAL ARTICLES AND CLINICAL CASES:—

PAGE

On the Localisation of Intracranial Tumours. By Byrom Bramwell, M.D. ... ... ... ... ... ... ... ... 1

Frontal Lobe, p. 6; Temporo-Sphenoidal Lobe, p. 26; Summary, Frontal Lobe, p. 35; Summary, Temporo-Sphenoidal Lobe, p. 37; Island of Reil, p. 38; Occipital Lobe, p. 40; Parietal Lobe, p. 44; Basal Ganglia, p. 49; Cerebellum, p. 52; Distended Ventricles, p. 66.

An Investigation upon the Plantar Reflex, with Reference to the Significance of its Variations under Pathological Conditions, including an Enquiry into the Ætiology of Acquired Pes Cavus. By James Collier, M.D., B.Sc., M.R.C.P.Lond. ... ... ... ... 71

Notes on the Chromophilic Material in the Motor Cells of Brain and Cord, Normal (Animal) and Pathological (Human), and on the Reaction (Acid or Alkaline) of the Cortex and Cerebro-Spinal Fluid. By John Turner, M.B.Aberd. ... ... ... ... ... 100

On a Form of Nerve Termination in the Central Nervous System, Demonstrated by Methylene Blue. By William Aldren Turner, M.D., F.R.C.P., and William Hunter, M.B., C.M.Aberd.... ... ... 123

A Contribution to the Localisation of Muscles in the Spinal Cord. By H. Campbell Thomson, M.D.Lond., M.R.C.P. ... ... ... 136

Hypnotism: A Reply to Recent Criticisms. By J. Milne Bramwell, M.B., C.M. ... ... ... ... ... ... ... 141

The Choroid Plexuses of the Lateral Ventricles of the Brain, their Histology, Normal and Pathological (in Relation Specially to Insanity). By John Wainman Findlay, M.D., Glasgow ... ... ... 161

On the Meaning of the Cranial Nerves. By W. H. Gaskell, M.D., LL.D., F.R.S. ... ... ... ... ... ... ... 329

Vagus Nerve Group, p. 345; Facial Nerve, p. 351; Trigeminal Nerve Group, p. 358; Eye Muscle Nerves, p. 362; Giant-Cells and Giant-Fibres, p. 367.

Cerebral Diplegia. By James S. Collier, M.D., B.Sc.Lond., M.R.C.P. ... 373

Part I.—Cases ... ... ... ... ... ... 374

Part II.—Ætiological Factors... ... ... ... ... 398

Clinical Aspect ... ... ... ... ... 405

Morbid Anatomy ... ... ... ... ... 420

Part III.—Bibliography ... ... ... ... ... 433

Remarks on Jacksonian Epilepsy, Illustrated by an Unusual Case. By John Souttar McKendrick, M.B.... ... ... ... ... 442

PAGE

A Case of Narcolepsy. By John McGee MacCormac, M.D. ... ... 469

Spinal Cord Changes in Cases of Cerebral Tumour. By Frederick E. Batten, M.D., and James S. Collier, M.D. ... ... ... 473

Epileptic Attacks with a Warning of a Crude Sensation of Smell and with the Intellectual Aura (Dreamy State) in a Patient who had Symptoms Pointing to Gross Organic Disease of the Right Temporo-Sphenoidal Lobe. By J. Hughlings Jackson, M.D., F.R.C.P., F.R.S., and Purves Stewart, M.A., M.D., M.R.C.P. ... ... ... 534

Remarks on Loss of Movements of the Intercostal Muscles in some Cases of Surgical Anæsthesia by Chloroform and Ether. By J. Hughlings Jackson, M.D., F.R.S., and James S. Collier, M.D., B.Sc., M.R.C.P.Lond. ... ... ... ... ... ... 550

A Contribution to the Study of the Pyramidal Tract in the Central Nervous System of Man. By William G. Spiller, M.D. ... ... 563

Note on a Form of Dementia Associated with a Definite Change in the Appearance of the Pyramidal and Giant-Cells of the Brain. By John Turner, M.B.Aber. ... ... ... ... ... 575

Observations on the Ascending Tracts in the Spinal Cord of the Human Subject. By E. E. Laslett, M.B., B.Sc., and W. B. Warrington, M.D., M.R.C.P. ... ... ... ... ... ... 586

A Statistical Inquiry into the Prevalence of Epilepsy and its Relation to Other Diseases. By James W. Russell, M.A., M.D.Cantab., M.R.C.P. ... ... ... ... ... ... ... 593

A Case of Acute Meningo-Myelitis. By E. F. Trevelyan, M.D. ... 607

Friedreich's Ataxia with Knee-Jerks and Ankle Clonus. By Howard Gladstone, M.D., C.M.Edin. ... ... ... ... ... 615

On Certain Relations of the Cerebrum and Cerebellum (on Rigidity of Hemiplegia and on Paralysis Agitans). By J. Hughlings Jackson, M.D., F.R.S. ... ... ... ... ... ... ... 621

CRITICAL DIGEST:—

Normal and Pathological Histology of the Nerve-Cell. By W. Ford Robertson, M.D. ... ... ... ... ... ... 203

Introductory Note. Recent advances in histological *technique* ... 204

I. *Normal structure of the nerve-cell.*

(1) Terminology ... ... ... ... ... ... 207

(2) Nissl-bodies, or chromophile elements of the cytoplasm ... 210

(3) Achromatic or achromophile part of the cytoplasm ... ... 219

(4) Centrosome and sphere of Lenhossék. Vortices of Levi ... 229

(5) Physiological pigment ... ... ... ... ... 232

(6) Golgi's pericellular reticulum ... ... ... ... 233

(7) Golgi's endocellular reticulum ... ... ... ... 235

(8) Nucleus and nucleolus ... ... ... ... ... 238

(9) Mode of connection of nerve-cells ... ... ... ... 243

(10) Morphological classification... ... ... ... ... 247

(11) Structural changes accompanying modifications of functional state ... ... ... ... ... ... ... 249

(12) Physiological regressive changes ... ... ... ... 255

(13) Structural features of the nerve-cells of different parts of the nervous system ... ... ... ... ... ... 257

PAGE

II. *Experimental pathology of the nerve-cell.*

(1) Changes following section of the prolongations ... ... 259
(2) Changes produced by various poisons (including bacterial toxines) ... ... ... ... ... ... ... 271
(3) Changes produced by other experimental lesions ... ... 279
(4) The proliferative capacity of the nerve-cell ... ... ... 285
(5) *Post-mortem* changes in nerve-cells ... ... ... ... 287

III. *Types of morbid change affecting the nerve-cell.*

(1) Chromatolysis ... ... ... ... ... ... 289
(2) Achromatolysis or plasmolysis ... ... ... ... 291
(3) Coagulation of the achromatic substance ... ... ... 292
(4) Intense colourability of the achromatic substance ... ... 292
(5) Varicose atrophy ... ... ... ... ... ... 292
(6) Varicose hypertrophy ... ... ... ... ... 297
(7) Pigmentary or yellow globular degeneration ... ... ... 298
(8) Vacuolation ... ... ... ... ... ... 300
(9) Fatty degeneration... ... ... ... ... ... 301
(10) Displacement of the nucleus ... ... ... ... 301
(11) Homogeneous degeneration of the nucleus ... ... ... 302
(12) Invasion by bacteria ... ... ... ... ... 302
(13) Loss of nerve-cells ... ... ... ... ... ... 302
(14) Developmental arrest ... ... ... ... ... 303
(15) Other types of change described ... ... ... ... 304

IV. *Addendum upon physiological and pathological deductions* ... 305

Bibliography ... ... ... ... ... ... 314

REVIEW:—

The Medical Jurisprudence of Insanity or Forensic Psychiatry. T. Outterson Wood, M.D. ... ... ... ... ... ... 328

PROCEEDINGS OF THE NEUROLOGICAL SOCIETY OF LONDON ... 157, 471, 631

# LIST OF CONTRIBUTORS.

BATTEN, FREDERICK E., M.D.
BRAMWELL, BYROM, M.D.
BRAMWELL, J. MILNE, M.B., C.M.
COLLIER, JAMES S., M.D., B.Sc. LOND., M.R.C.P.
FINDLAY, JOHN W., M.D.
GASKELL, W. H., M.D., LL.D., F.R.S.
GLADSTONE, HOWARD, M.D., C.M.EDIN.
HUNTER, WILLIAM, M.B., C.M. ABERD.
JACKSON, J. HUGHLINGS, M.D., F.R.C.P., F.R.S.
LASLETT, E. E., M.B., B.Sc.
MACCORMAC, JOHN McGEE, M.D.
McKENDRICK, JOHN SOUTTAR, M.B.
ROBERTSON, W. FORD, M.D.
RUSSELL, JAMES W., M.A., M.D. (CANTAB.), M.R.C.P.
SPILLER, WILLIAM G., M.D.
STEWART, PURVES, M.A., M.D., M.R.C.P.
THOMSON, H. CAMPBELL, M.D. LOND., M.R.C.P.
TREVELYAN, E. F., M.D.
TURNER, JOHN, M.B.ABER.
TURNER, WILLIAM ALDREN, M.D., F.R.C.P.
WARRINGTON, W. B., M.D., M.R.C.P.
WOOD, T. OUTTERSON, M.D.

# LIST OF ILLUSTRATIONS.

—o—

PAGE

On the Localisation of Intra-cranial Tumours. Figs. 1-20 7, 9, 11, 14, 16, 18, 19, 20, 21, 22, 25, 30, 33, 42, 43, 45, 56, 61, 62

An Investigation upon the Plantar Reflex, with reference to the Significance of its Variations under Pathological Conditions, including an Enquiry into the Ætiology of acquired Pes Cavus. Two Plates. Figs. 1-4 ... ... ... ... ... ... 80, 96

Notes on the Chromophilic Material in the Motor Cells of Brain and Cord, Normal (Animal) and Pathological (Human), and on the Reaction (Acid or Alkaline) of the Cortex and Cerebro-spinal Fluid. Three Plates. Figs. 1-12 ... ... ... ... ... ... 122

On a form of Nerve Termination in the Central Nervous System, demonstrated by Methylene Blue. Plate I. Figs. 1-5. Plate II. Figs. 1-4 134

A Contribution to the Localisation of Muscles in the Spinal Cord. One Plate. Figs. 1-3 ... ... ... ... ... 137, 139

The Choroid Plexuses of the Lateral Ventricles of the Brain, their Histology, Normal and Pathological (in relation specially to Insanity). Three Plates. Figs. 1-6 ... ... ... ... ... ... 202

Normal and Pathological Histology of the Nerve-Cell. Three Plates. Figs. 1-15 ... 214, 226, 231, 234, 236, 240, 262, 263, 272, 273, 282, 295

On the meaning of the Cranial Nerves. Figs. 1-18. 336, 338, 340, 342, 346, 347, 348, 350, 351, 353, 354, 356, 357, 370

Cerebral Diplegia. One Plate. Figs. 1-2 ... ... ... ... 374

Remarks on Jacksonian Epilepsy illustrated by an unusual case. One Plate. Five Figs. ... ... ... ... 447, 455, 456, 459

Spinal Cord Changes in cases of Cerebral Tumour. Plates I.-XXVII. ... 494

A Contribution to the Study of the Pyramidal Tract in the Central Nervous System of Man. One Plate. Figs. 1-9 ... ... 567, 568, 574

Note on a Form of Dementia associated with a Definite Change in the appearance of the Pyramidal and Giant-Cells of the Brain. Two Plates ... ... ... ... ... ... ... ... 584

Observations on the Ascending Tracts in the Spinal Cord of the Human Subject. Figs. 1-8 ... ... ... ... 587, 588, 589, 590, 591

A Case of Acute Meningo-Myelitis. Two Diagrams ... ... 611, 612

Friedreich's Ataxia with Knee-jerks and Ankle Clonus. Two Plates ... 616
